

Application Serial No. 10/525,787
Reply to Office Action of August 16, 2006

PATENT
Docket: CU-4099

REMARKS

In the Office Action, dated August 16, 2006, the Examiner states that Claims 1-25 are pending, and Claims 1-25 are subject to a restriction requirement. By the present Amendment, Applicant amends the claims.

The claims have been amended to correct minor informalities, and to remove the reference signs, characterizing language and multiple dependencies.

In the Office Action, the application is subjected to a provisional restriction requirement between Species A (Figure 1) and Species B (Figures 2 and 3). The Applicant provisionally elects Species B to which Claims 1 and 3-25 read upon. Claim 2 directed to Species A depends from Claim 1 which is a generic linking claim.

In light of the foregoing response, all the outstanding objections and rejections are considered overcome. Applicant respectfully submits that this application should now be in condition for allowance and respectfully requests favorable consideration.

Respectfully submitted,
